

IMPROVING EDUCATIONAL LAND RULES

1. No Educational Lands held under lease shall have improvements placed upon them without the written approval of the Board of Educational Lands and Funds.
2. Requests to improve Educational lands must be made on a form approved by the Board and must be signed by the Lessee and a Field Representative.
3. A Field Representative will contact the Lessee in regard to the proposed improvement request.
4. Requests, when possible, should be made four (4) to six (6) weeks in advance of the time the Lessee desires to start the improvement requested. In most cases this should allow sufficient time to process the application.
5. If the request is approved by the Board, the Lessee will be given a period of one year from the date of approval to complete the improvement.
6. When an appraisable improvement is completed a **Certified Statement of Cost** will be submitted to the Board on the form approved and provided by the Board. Copies of all receipts for any materials, labor or other cost involved must be attached to the **Certified Statement of Cost**.
7. All improvement requests marked with an asterisk must be accompanied with a letter of recommendation from the Soil Conservation Service.
8. Irrigation well requests must be accompanied by a layout, specifications, and a feasibility report from the Soil Conservation Service.
9. Any cost shared by the NRCS or FSA should be listed in the appropriate column.
10. The Lessee will be held strictly accountable for the observance of the covenants of the lease and the rules applying to the placing of improvements.
